

Bridesburg

Outboard Club

Established 1954

February 1, 2010

To whom it may concern:

As the summer months are far behind us, we are looking forward to a few peaceful months of relaxation and much needed rest. We reflect on what we have accomplished for our own organizations, and realize how much time, passion, and drive are needed for the entire year. We are proud to say the D.R.Y.L. has been truly blessed with an abundant of people who have these qualities instilled in their character from club to club, and from north to south on the river. We realize the difficult dilemma in choosing just one stupendous individual for the D.R.Y.L.'s "Man of the Year Award!" We thought long and hard about the man of the year award! What type of should be recognized? A man who exemplifies enthusiasm, patience, kindness, loyalty, perseverance, dependability, but most of all leadership. The Bridesburg Outboard Club would like to proudly present a nomination to the D.R.Y.L. officers. We would like to nominate Mark Brasberger for the 2010 "Man of the Year Award!"

We feel as though Mark has all the previous qualities and character strengths which we stated. Mark is a friendly face on the river, always giving of himself and his time, and is passionate promoting not only his club but others as well as the D.Y.R.L. Mark is dedicated to the involvement of the following activities such as: the pageant, polar bear plunge, present at all league functions, and a willingness to help others whenever needed (even helped out in constructing the roof for our new clubhouse) just to name a few. Also, Mark has had years of service for several organizations. He has been a trustee at Westville Powerboat Association and a past commodore of Riverwinds. In conclusion, we are proud to nominate Mark Brasberger for the D.R.Y.L.'s 2010 Man of the Year Award. We could not have chosen a "better man" to recognize the best man; Mark Brasberger!

Kind Regards,  
The Bridesburg Outboard Club  
Board of Directors
